MANAGING

Placements & Internships

Work placements are a big part of the modern student experience and are often a requirement to achieve professional accreditation. How do we ensure student safety, attendance and success while off-campus?

Work-integrated-learning

Work integrated learning (WIL) experiences such as **placements, apprenticeships or internships** offer great opportunities for students.

While mandatory in many professional accreditation courses for licensed industries, WIL is more frequently becoming an option offered by universities as part of their programs.

The Challenges

Successfully managing placements and internships requires a substantial amount of administration. These experiences typically occur off-campus, and ensuring students' success during Work-Integrated Learning (WIL) requires additional attention.

Without appropriate oversight, students may face challenges such as low attendance, limited progress, and compromised well-being.

The Solution

SEATS Software facilitates seamless communication between students, placement supervisors, and academic advisors. This ensures that students receive timely support and guidance throughout their placements. Here's how **SEAtS** contributes to the successful completion of WIL experiences:

- **Attendance monitoring** off-campus to track students progression.

- **Early alerts** of engagement drop-offs to staff so they don't miss critical warning signs when students are at-risk or in need of support.

- Enhancing **operational efficiency** by simplifying administrative tasks for staff.

About SEAtS

SEAtS Software is the ultimate solution for **Student Success**, **Operational Excellence** and **Corporate Governance** in higher and further education institutions.

With **SEAtS**, you can access powerful data analytics, reporting, process automation, case management, workflows, and early alert tools in one integrated platform.

Seats is trusted by hundreds of institutions worldwide to deliver quality education and achieve their strategic goals!

Our Solutions

- Student **Attendance**
